Commandant's Desk

Every great achievement begins with a spark of curiosity. A hobby often ignites that spark, allowing young minds to explore, create and discover their hidden potential.

In today's fast-paced and competitive world, hobbies are far more than leisure activities; they are powerful tools for personal growth and holistic development. Whether it is reading, music, painting, photography, gardening, sports or any other creative pursuit, hobbies broaden horizons,

enhance creativity, improve concentration and provide a healthy outlet for relaxation, stress relief and self-expression.

Beyond developing skills, hobbies cultivate qualities that are essential for success in life—discipline, perseverance, patience, confidence and effective time management. They encourage individuals to pursue excellence, embrace challenges and find joy in continuous learning. Engaging in hobbies also promotes emotional well-being by reducing stress, refreshing the mind and helping to maintain a healthy balance between work and recreation.

At Bhonsala Military School, we encourage our Ramdandees to nurture constructive hobbies that complement their academic pursuits and contribute to the development of well-rounded personalities. The time invested in a meaningful hobby today can become the foundation for future achievements and lifelong passions. I urge all Ramdandees to explore their interests, develop their talents and continue learning beyond the classroom. The hobbies you pursue today may well become the strengths that define your tomorrow.

Warm Regards,

Principal's Desk

It gives me immense pleasure to share the successful completion of the 53rd Personality Development Course (PDC) – 2026 at Bhonsala Military School. The Personality Development Course is a well-known and highly popular programme conducted across India under the aegis of the Central Hindu Military Education Society. While the course at Bhonsala Military School is

conducted exclusively for boys, the Personality Development Course for girls is organized by Bhonsala Military College.

This year, due to repair and maintenance work in a few of the school buildings, the intake was restricted to 288 participants. However, owing to the overwhelming demand, the final strength reached 301 participants.

The course was specially designed with greater emphasis on indoor activities and limited ground training. The programme included Drill, Physical Training (PT), Gymnastics, Art and Craft, Music, Calligraphy, Drama, English Elocution and a series of informative lectures.

The 15-day course commenced on 17th May and concluded on 31st May 2026 at Bhonsala Military School. During this period, the participants stayed away from their parents, mobile phones and television. While some students initially found it difficult to adjust to the disciplined environment, most adapted comfortably within two to three days.

The daily routine began at 5:00 a.m. and continued until 12:30 p.m., followed by lunch. After a break, activities resumed from 3:30 p.m. to 5:30 p.m. Evening lectures were conducted from 7:00 p.m. to 8:00 p.m., followed by dinner from 8:00 p.m. to 9:00 p.m.

The schedule was demanding and rigorous. For many participants, it was their first experience of such a structured routine. Although challenging, the students thoroughly enjoyed the camp and actively participated in all activities.

On 30th May 2026, the participants presented a cultural programme showcasing their talents and creativity. The following day, they conducted various demonstrations on the ground, displaying the skills they had acquired during the course.

Overall, the Personality Development Course 2026 was a highly successful camp. The participants expressed great satisfaction with their experience and their parents also appreciated the positive changes they observed. The camp played a significant role in enhancing the confidence, discipline, leadership qualities and overall personality development of these young Ramdandees.

I congratulate all the participants, faculty members, instructors and support staff whose dedication and collective efforts ensured the success of this programme. I am confident that the values and lessons learned during this course will continue to guide these young Ramdandees in the years to come.

Best Regards,

🏆 53rd Personality Development Course – From Discipline to Leadership 🏆

Bhonsala Military School successfully conducted its 53rd Personality Development Course from 17 May to 31 May 2026, focusing on holistic development, discipline and leadership training of Ramdandees. A total of 298 Ramdandees successfully completed the programme, reflecting active participation and strong commitment throughout the camp. The camp included a balanced blend of physical training, sports and adventure activities such as PT, yoga, self-defence, swimming, drill, rifle drill, gymnastics, Mallakhamb and various team sports including football, volleyball, basketball, handball and boxing.

Indoor activities such as elocution, music, dramatics, art and craft and tactical studies enhanced creativity, communication skills and intellectual growth. Exposure visits and guest lectures further enriched knowledge about the Armed Forces, defence systems and discipline-based life skills.

The camp proved to be a meaningful and transformative experience, instilling discipline, confidence, teamwork and leadership qualities among Ramdandees.
